The SUNLIGHT Book of Knitting and Crocheting

Experienced knitters and crocheters will appreciate this newest edition of the Sunlight Book of Knitting and Crocheting—because it presents the very latest novelties as well as new ideas for making many articles of unchanging style.

Beginners will find every step made clear by directions as simple and easily understood as though they were demonstrated by a teacher, because the instructions were all written from actual work on the articles.

The illustrations and directions embrace an almost unlimited variety of useful and appreciated articles.

Tiny bootees, afghans, hoods and sacques for the baby—warm skirt or tasseled cap for the little girl—sweater and sturdy mittens for the boy—a skating cap or sweater after a new and natty model for the man—a comfortable shawl or slippers for the grandmother and innumerable fancies from opera capes to bridge and motor jackets for the friend.

That the hours of work on any article may not go for naught with its first washing, it is imperative to select yarns that have proven trustworthy.

Sunlight Yarns have for many years been recognized as meeting all the requirements of satisfactory work, lasting colors and long wear.

There is a SUNLIGHT Yarn for every kind of Knitting and Crocheting

SUNLIGHT Golf Yarn is a four-ply, lofty yarn of hard wearing quality, made in a line of heather shades and brilliant colorings, especially suitable for golf jackets, stockings, toques, children's sweater coats, caps, etc.

SUNLIGHT German Knitting Worsted is well known for its extreme wearing qualities. The greatest of care is exercised to produce a round, even thread with just the right amount of twist to make it knit up well. It is made in a full line of colors, prints and mixtures, and is used for knitting hose, gloves, sweaters and other articles that must stand wear and great exposure.

SUNLIGHT Four-fold Germantown is ideal for crocheting and knitting sport scarfs, afghans, slippers, toques, aviation caps, shawls, fine sweaters, mufflers, tying comforts, and innumerable other beautiful and serviceable articles.

Only the finest selection of wools of just the right quality is used in this yarn, and it is carefully spun and twisted to produce just the proper degree of soft, even loftiness and elasticity.

It is made in a wide range of shades covering every possible requirement from the most delicate to the heaviest staple shades and all the newest colors in popular favor.

SUNLIGHT Eight-fold Germantown is the same in its general characteristics as the four-fold Germantown, except that the thread is about twice as heavy. It is especially good for making toques, aviation caps, heavy sweaters, afghans, slumber robes, etc.

SUNLIGHT Saxony is a fine, soft, three-ply thread, smoothly and evenly spun, made in a complete line of shadings. Only the finest of wools go into this soft yarn, which is ideal for making children's stockings, soft gloves and mittens, fascinators, infants' crocheted skirts and hoods, bootees, trimming hoods, children's coats, shawls, etc.

SUNLIGHT Spanish Worsted—four-ply—is made of a special selection of fine, hard wearing wools. It is spun into a finer thread than the German Knitting Worsted, is used for much the same purposes, but is particularly adapted for knitting gloves and mittens, men's socks, women's stockings, sweaters, etc. Sunlight Spanish Worsted is made in a complete line of colors and mixtures.

SUNLIGHT Shetland Floss is a very lofty, fluffy yarn, soft, evenly spun. It comes in a beautiful line of shades and makes up well into fine fascinators, sport scarfs, women's sweaters, circular shawls, baby jackets, toques, women's kimono's, and many other articles.

SUNLIGHT Eiderdown Wool is a soft fluffy, round strand, used for crocheting toques, aviation caps, auto caps, and for baby afghans.

SUNLIGHT Pompadour Wool is a soft, fine thread yarn with a strand of silk running through it. It works up very effectively in dainty automobile hoods, scarfs, shawls, fascinators and baby garments.

SUNLIGHT Shetland Wool is a two-ply yarn, finer spun than Saxony and very soft. It comes in a line of delicate colors and is used for infants' sacques and bootees, women's scarfs, shawls, etc.

SUNLIGHT Alliance Worsted is a very fine knitting yarn, made soft, lofty and yielding. Its uses are about the same as the Spanish and the German Knitting Worsted, but the effect is much softer. Made in black and white only.

SUNLIGHT Fairy Floss is a soft yarn of the nature of a Shetland Floss, crimped to give it a wavy effect. It is used for shoulder wraps, shawls, fascinators, kimono's, etc.

SUNLIGHT Coral Yarn is a fine, soft, round yarn with a very noticeable spiral twist. It is used for infants' mitts, bootees and jackets.

SUNLIGHT Lusterine is a very soft yarn with a lustrous strand running spirally about it. It is largely used for making up dainty infants' garments, scarfs, shawls, etc.

SUNLIGHT Ice Wool is a genuine Mohair high luster, wiry, two-ply thread. It is used for circular shawls and all fancy wraps and headgear.

SUNLIGHT Angora works up very beautifully into infants' soft hoods, Tam O'Shanter's, infants' muffs and women's mitts, caps and toques. It gives a soft, fluffy surface.

Start decreasing. Pick up 14 loops, decrease 1 (take 2 loops together as 1), pick up 15, decrease 1, 24, decrease 1, 15, decrease 1, then pick up the last 15 loops and pull through as before.

Make 4 rows.

Repeat the decreasing row, always having 24 loops between the decreasings in center of row, then it will be 2 loops less between the decreasings on the sides and 2 loops less toward the edges for each decreasing row. Make 3 rows between for each time and decrease 6 times more.

Make 2 rows. Add 22 stitches on each side for the sleeves. Make 3 rows, decrease 2 stitches same as before at the center of row, leaving the 24 loops between. Make 5 rows and repeat the last decreasing. Make 1 row.

Pick up 35 loops on the next row (36 on needle) and make 6 rows for the shoulders and sleeve. Break off the yarn and finish the other side the same.

Border—1st row: Use the red yarn, pick up 1 loop in each stitch on the chain at bottom of front part (92 loops on needle) and pull through same as before (pick up the loops loosely and pull through easy).

2nd row: Same as 1st row, with exception of taking up the loops through the loops on preceding row from the back. Repeat the 2nd row, the Purled Afghan Stitch.

Make 8 rows. Finish off last row with 1 row in the slip stitch, taking up through the loops in the back.

Last row, on wrong side of work: (Make last row after the sides are put together.)

Make 1 single crochet (always taking up in double stitch), a chain of 3 stitches and another single crochet in same stitch on preceding row, skip 2 stitches and repeat.

Finish off border at top with 1 row in the green: Make the single crochet with 1 stitch in every loop of the 1st row in the white, having the white part of the work toward you.

Make the back same as the front, with exception of making an opening to button at neck. Make 36 rows on back, then pick up half of the loops on the row and finish one side, then the other. Crochet 1 row with white in the single crochet around opening in back, making 3 buttonholes on one side (make 1 chain and skip 1 stitch for each buttonhole).

Embroider a cross stitch pattern in red

1½ inches wide and 5 or 6 inches long in front of dress below neck and outline it in green with 1 row in the single crochet, taking up in the loops of the Afghan Stitch. Make a cross stitch pattern in red around bottom of gown ½ inch above border.

Join at the shoulders: Put back and front together with wrong side out and join with the slip stitch, taking up through the loops from the right side (take 1 loop from each edge on the hook, put yarn over, pull through and repeat).

Cuff: Use red yarn and pick up 1 loop in each stitch at bottom of sleeve (pick up loosely and pull through a little tight). Make cuff exactly the same as border at bottom of dress. Make 6 rows in the Purled Afghan Stitch. Embroider a narrow cross stitch pattern in red above cuff. **Collar:**

Make collar same as cuff; pick up 1 loop in each stitch around neck, decrease 1 stitch in each corner (4) for every row and make 5 rows. Make a buttonhole on one end of collar same way as before.

Sew gown together on wrong side and put the buttons on.

Holder for the Belt: Make a chain of 12 stitches and make 2 rows in the single crochet.

Make 4 holders. Fasten 2 in front and 2 in back 5 inches above border.

Belt: Use red yarn and make a chain of 140 stitches. Make 5 rows in the Purled Afghan Stitch and finish off last row with the slip stitch. Put belt through holders and join to a circle. Make 1 row with green in the single crochet around both sides of belt.

These 2 last double crochet in 1 stitch on the chain will start 1 rib every time they are repeated. Now * work 2 double crochet, 1 in each stitch on the chain, and 2 double crochet both in the next stitch on the chain and repeat from * until you have started 29 ribs. End 1st row with 3 double crochet, make 1 chain and break off the yarn.

2nd row: Start in the chain on 1st row, make a new chain of 3 stitches and work the end of yarn in. Make 3 double crochet above the 3 double crochet on 1st row, take up in double stitch and repeat the same start for every row.

Start with the rib: * Work 3 double crochet over the 2nd double crochet of the 2 in 1 stitch on the chain, on 1st row; turn the work a little downward and work over the stitch from the side. Make 3 double crochet above the next 2 double crochet on 1st row and repeat from * to end of row.

3rd row: Same as 2nd, work 3 double crochet above the 3 plain double crochet on row below, and make the 3 double crochet for the rib over the 3rd double crochet on rib below.

Increase on this row 2 ribs for each sleeve, between the 7th and 8th ribs and 8th and 9th ribs from front.

To increase: Make 2 double crochet in the 1st double crochet of the 3 double crochet between the ribs. Start the rib with 2 double crochet over the 2nd double crochet of the 3 between the ribs and then make 2 double crochet in the 3rd double crochet of the 3 between the ribs.

4th row: On this row increase 4 more ribs for the sleeves.

Work 6 ribs from front and increase 1 rib, then work 5 ribs and increase 1 more rib. Same on other side. Work on the started ribs in preceding row same as on 2nd row from start.

Make 8 rows from neck,

9th row: Work 5 ribs from front and increase 1 rib, then 9 ribs and increase 1 more rib. Same on other side.

12th row: Work 6 ribs and 2 double crochet. Add a chain of 7 stitches for 2 new ribs under the arm, and skip 9 ribs for the sleeve; make 2 double crochet, then 11 ribs on back and repeat same on other side.

Work 8 rows and start the border in the same stitch.

1st row, in silk: Work loose and same as before, increase 1 rib between every other rib on row below and repeat to end of row.

Next row, use yarn.

3rd row, in silk, and 4th row, with yarn.

Make a chain of 3 stitches and a slip stitch for each row, on the edge of right side front, to make it like the other side. Work 1 row in the single crochet around neck, making 2 stitches for each rib below.

Make another row with yarn for the ribbon: Work 3 double crochet, then make 1 double crochet across, taking up below 1st double crochet of the 3. (Draw the loop in the double crochet $\frac{1}{2}$ inch long.)

Skip 1 stitch on row below and repeat this stitch for the beading.

Make a scallop all around jacket.

1st row, with yarn: Make shells of 5 double crochet with 1 single crochet between. At bottom, work 1 shell between each rib and put the single crochet on the rib. On the sides, make 1 shell in every 3rd row, and at neck, begin with the single crochet, make the shell in the next stitch on row below, skip 2 stitches and repeat with the single crochet in the 3rd stitch on row below.

Last row, in silk: Put 1 single crochet, a chain of 2 stitches and another single crochet in every stitch on the shell. Make 1 single crochet between the shells.

(Written for white and blue.)

This little Afghan is made up of 7 panels. The blue panel is worked in the Pine Stitch and a vine of violets is embroidered in cross stitch on the white panel. A pretty lace border finishes off the edge.

Begin with the blue panel, use No. 6 hook and make a chain of 17 stitches (a little tight).

1st row: Start in 2nd stitch from hook and * pick up 3 long loops, 1 in each stitch on the chain. Take up a short loop in the next stitch on the chain, put yarn over hook and pull through 1 loop. Repeat from * ending row with the short loop and another loop pulled through as before. Now put yarn over hook and pull through 4 loops, * yarn over pull through 1 loop (of those picked up) yarn over hook pull through 3 loops (of those picked up) and repeat from * to end of row; make 1 chain tight.

2nd row: * Take up 1 long loop in 1st space on preceding row, take up another long loop on top of the 3 loops below and a 3rd loop in next space. Pick up a short loop through the short loop below top chain, put yarn over hook pull through 1 loop and repeat from *. Pick up the short loop at end of row in 2nd chain stitch on the side of panel and pull through another loop. Now put yarn over hook and pull through same as on 1st row.

Repeat 2nd row for the length of 31

inches. Finish off last row of the panel with 1 row in the slip stitch (see First Stitches). There will be 17 stitches across.

Make 4 panels.

Start the white panel, use No. 4 hook and make a chain of 32 stitches.

1st row: Pick up 1 loop in each stitch on the chain (32 loops on needle), put yarn over hook pull through 1 loop (of those picked up) at a time.

2nd row: Same as 1st row, taking up the loops in front from the loops on preceding row.

Repeat 2nd row for the length of 31 inches. Finish off last row with 1 row in the slip stitch, taking up in the loops. Make 1 row in white on each side of the panel: * Make a single crochet on the edge, then make a double crochet, taking up from below in 3rd loop from top and repeat from *.

Embroider in cross stitch a vine of violets on the white panel, using the assorted colors of 4-fold Germantown, and the Blyda rope silk.

Make 3 panels.

Join the panels in white. Place both panels together having the right sides out and the blue panel toward you. Make 1 row in the single crochet, taking up in every stitch on both edges, with the exception of making 2 stitches in about every 6th stitch on edge of the blue panel.

Border: 1st row in white: Make 1 row in the single crochet all around. Take up in every stitch on the ends of the Afghan and make 2 single crochet in every 4th stitch on the sides of Afghan.

2nd row in white: Make the double crochet, taking up in double stitch on 1st row. Have the corners full enough.

3rd row in white: Make a chain of 2 stitches and a single crochet in every 3rd stitch on preceding row.

4th row in white: * Make 2 double crochet, a chain of 2 stitches and 2 more double crochet in 1 space on preceding row. Make 1 chain and a single crochet in the stitch between 1st and 2nd space from the group.

Make 1 chain, skip 1 space and repeat from * to end of row.

5th row in white: Same as preceding row.

Last row in blue: Make a slip stitch across the single crochet between the scallops on 3rd row. Make a chain of 3 stitches and a slip stitch above to right side of scallop over the 1 chain and repeat the same on next row above. Make a chain of 3 stitches and * a double crochet in space on top of scallop, then make a chain of 3 stitches and a single crochet over the double crochet and repeat from * until you have 4 double crochet in the space and 4 picots.

INSTRUCTIONS

(Written for pink and white.)

This little blanket is made up of 3 white panels with pink border all around, and a pattern of climbing wild roses and green leaves is worked with cross stitches from one end of panel to the other.

Start with white yarn and make a chain of 35 stitches.

1st row: Take up 1 loop in each stitch on the chain, 35 loops in all on needle. Put yarn over hook and pull through 1 loop at a time.

2nd row: Take up in the loops from row below and pull through same as on 1st row. Repeat this row for the length of 28½ inches. Make 2 more panels in white like this one.

Begin with pink yarn and start border on the side of one panel.

1st row: Start at the corner with a chain of 3 stitches. Take up 2 loops in the chain, then take up 1 loop in each one of the 3 first stitches. Now 6 loops on needle, put yarn over hook and pull through all at once and make 1 chain.

2nd stitch: Take up 1 loop in space below this 1 chain; pick up 1 loop in the back

of last loop in preceding stitch, take up 1 loop in same place as last loop in preceding stitch, then pick up 2 more loops in the next 2 stitches on row below. Put yarn over hook and pull through all at once and make 1 chain. Repeat 2nd stitch to end of row; turn.

2nd row: A chain of 3 stitches, make 2 double crochet in 1st double stitch on star below. Make 2 more double crochet in 1st stitch on 2nd star below. Repeat this on every star to end of row, turn.

3rd row: Same as 1st row, taking up in the back of the stitches on row below. Repeat these 3 rows on other side of panel. This panel is the middle one.

On the 2 outside panels repeat these 3 rows just on the side that is to be joined to the middle panel.

Joining: Place 2 panels together. Start with pink yarn and make a loop on the hook. Put the hook through both panels in the 1st stitch on 1st star, then yarn over hook, pull through and make a chain of 2 stitches.

Next repeat this in 2nd stitch, on 1st star

with the white yarn. Take up the pink chain on the hook and place it in front of the white chain, then put hook through both panels in 1st stitch on 2nd star, pull through and make a chain of 2 stitches. Take up the white chain, place it in front of pink chain, pull through in 2nd stitch on 2nd star and make a chain of 2 stitches. Repeat this to end of panels. Join the 2 other sides the same way.

For border all around, repeat the 3 rows already described.

Make the last row in pink and white, the same as the row for joining, with the exception of making 6 stitches in the chains and taking up once in every star.

Work a cross stitch pattern of little pink roses and green leaves for the whole length of the panels.

INSTRUCTIONS

This handsome robe, in its subdued color, is very restful to the eye and would certainly give great satisfaction to the maker, especially, as the work is not very difficult.

The afghan is worked in 3 shades of "old rose," but brown or green would look well also, in case those colors should be preferred.

It is made up of 9 panels, 5 fancy ones in the light and medium shades and 4 plain ones in the dark shade. A heavy fringe is put on the ends of the robe, so each panel gets its own shade.

Work the dark panel in the cluster stitch.

Start with a chain of 32 stitches.

1st row: Draw the loop on needle half an inch long, * take up 1 loop in 2nd stitch on the chain, yarn over hook, take up another loop in same place and repeat from * to end of row.

Put yarn over hook and pull through 1 cluster at a time; at the end pull through 1st loop and make 1 chain.

2nd row: Same as 1st row, make 1 cluster between 1st loop and 1st cluster on row below, then repeat, making 1 cluster between each cluster on row below. At end of row take up 1 loop on the back of last cluster below; yarn over and pull through

the loop, then repeat as before and at end of row pull through loop with the cluster and make 1 chain.

3rd row: Same as 1st row, making 1 cluster between each cluster on preceding row. Repeat 2nd and 3rd rows. Make panel $2\frac{3}{4}$ yards in length.

The fancy panel is made up of 3 stripes, 2 in the medium and 1 in the light shade.

Begin stripe with a chain of 7 stitches, pick up 6 loops, then you have 7 loops in all on needle. Put yarn over and pull through 1 loop at a time.

Next row same as 1st row, taking up in the loops on row below.

Make 1 more row.

4th row: Pick up 3 loops; then take up 1 loop in the 2nd loop from edge on 2nd row below. Put yarn over hook and pull through 2 loops. Put yarn over hook twice and take up 1 loop in 3rd loop from edge on 3rd row below, yarn over and pull through 2 loops, then yarn over and pull through 2 more loops. Repeat this last stitch 2 times more in the 4th and 5th loop on 3rd row below.

Put yarn over hook once and take up 1 loop in 2nd loop from the other edge on 2nd row below, and pull through 2 loops.

Now yarn over hook and pull through 5 loops, 1 for each stitch and make 1 chain tight. Pick up the 3 last loops on 4th row, 7 in all, on needle, and pull through 1 at a time, same as before.

This is the design for the whole panel.

Make 2 plain rows, then repeat 4th row, so for every 3rd row you make a new cluster.

Make stripe $2\frac{3}{4}$ yards long.

Work the 2 other stripes.

Put those 3 stripes together with the chain stitch in the dark shade and place the light panel in middle.

Put this fancy panel together with the plain panel, same way in the light shade.

To connect: Place both panels together with the right side out, make a loop on the hook and * put hook through 1 loop on the edge of each panel. Yarn over and pull through all on needle at once and repeat from * to end of row.

Crochet scallops on the fancy panel on both sides of afghan. Make shells of 7 double crochet with 1 single crochet between.

Make a fringe 5 inches long and let the ends of each panel be fringed in its own shade. Cut the threads for fringe 24 inches in length. Take 1 end and double up 2 times, put the loops through edge with the crochet hook, then draw ends through loops and tighten.

Make the slip stitch (see first stitches) in the loops of the last row.

Work 1 row in the single crochet on both ends of afghan, making 2 stitches for each rib.

Border: 1st row in white: Make a loop on the hook, then * pick up 2 loops on the edge, 1 in each stitch, put yarn over hook, pull through all on needle (3 loops) and make a chain of 2 stitches. Skip 1 stitch on the edge and repeat from * to end of row, making it full enough in the corners.

2nd row, in blue: * Make a shell of 6 double crochet in a space on preceding row. Make 1 chain, take up 1 loop in 1st and 1 loop in 2nd space from shell; yarn over hook, pull through all on needle and make 1 chain. Repeat from * to end of row, making the shell larger in the corners.

Start the rows of the flowers with 12 and 4 single crochet, alternately.

Make 13 rows of flowers for width of blanket, then crochet 4 rows plain (width 28 inches).

Border in white: 1st row: Crochet 1 row in the single crochet all around the blanket, making 1 stitch for every row on the sides except in a few places, where you skip one row.

2nd row: Make 1 double crochet on preceding row, then make another double crochet across first one, taking up in next stitch to the right. Make one cross in the next 2 stitches and repeat to end of row, making the crosses a little closer in the corners.

3rd row: Same as 2nd row with exception of making the cross in space on each side of cross on preceding row.

4th row: Make a chain of 2 stitches and 1 single crochet in every space on preceding row.

5th row: * Make 1 single crochet in a space on preceding row and another single crochet in next space. Make a shell of 9 treble crochet in 2nd space from preceding stitch, skip 1 space and repeat from * to end of row.

Last row in pink: Make a loop on the hook, then pick up 2 loops, 1 in each stitch on the scallop; put yarn over hook and pull through, make a chain of 2 stitches, and repeat, taking up 1st loop in same place as preceding stitch and the other loop in next stitch on the scallop. INSTRUCTIONS

This artistic blanket is made up of panels, closely resembling Indian work in design and colors.

Commence on the panel with design and use No. 100 hook. Start with the black yarn and make a chain of 36 stitches. Work 1st row in the single crochet (35 stitches on the 1st row. Leave 3 stitches at end of row. Put the ends of the colored yarn together and work them in with the 3 last stitches, turn. Work the threads in as you go along and change them according to the following pattern. On 1st colored row, take up in the double stitch on row below, then take up in the back of the stitches for every row. Work the whole panel forward and back in the single crochet.

1st row in the colors: Make 1 chain, then 3 single crochet in black and take up the loop for the 4th stitch. Pull through 4th stitch with the gray. Make 7 single crochet in gray and take up the loop for the 8th stitch. Pull through with the blue, make 2 single crochet, take up the loop for the 3rd stitch and pull through with black. Make 1 single crochet in black, take up 2nd loop and pull through with red. Take up 1 loop with red and pull through with black. This 1 red is the center-stitch, then reverse. Now

on 1st row you have 4 single crochet in black, 8 in gray, 3 in blue, 2 in black, 1 in red for center. Then 2 in black, 3 in blue, 8 in gray and 4 in black.

2nd row: 4 black, 7 gray, 3 blue, 2 black, 1 red for center.

3rd row: 4 black, 6 gray, 3 blue, 2 black, 5 red for center.

4th row: 4 black, 5 gray, 3 blue, 2 black, 7 red for center.

5th row: 4 black, 4 gray, 3 blue, 2 black, 9 red for center.

6th row: 4 black, 3 gray, 3 blue, 2 black, 11 red for center.

7th row: 4 black, 2 gray, 3 blue, 2 black, 6 red, 1 black for center.

8th row: 4 black, 1 gray, 3 blue, 2 black, 6 red, 3 black for center.

9th row: 4 black, 3 blue, 2 black, 6 red, 2 black, 1 gray for center.

10th row: 4 black, 2 blue, 2 black, 6 red, 2 black, 3 gray for center.

11th row: 4 black, 1 blue, 2 black, 6 red, 2 black, 2 gray, 1 red for center.

12th row: 6 black, 6 red, 2 black, 2 gray, 3 red for center

13th row: 5 black, 6 red, 2 black, 2 gray, 5 red for center.

14th row: 4 black, 6 red, 2 black, 2 gray, 7 red for center.

This last row is the center row. Now you have made half of the pattern. Make the other half to correspond.

Repeat pattern for the length desired.

Work the plain panel in red with No. 102 hook. Make a chain of 33 stitches.

Take up 1 loop in each stitch on the chain, 33 loops in all on hook, put yarn over hook and pull through 1 loop at a time.

2nd row: Pick up the loops in the spaces between the loops on row below. Pull through same as on 1st row, taking the 2 first and the 2 last loops together as 1.

3rd row: Take up the loops same as on 2nd row in every space and then take up the last loop in the chain on edge. Pull through 1 loop at a time on this row.

Repeat these 2 last rows (2nd and 3rd) for the same length as 1st panel. Work 1 row in single crochet with gray yarn all around red panel. Work 1 stitch for each row down below and make every other stitch deep. Make another row all around, same as this, in

black and let the deep stitches come between the deep gray stitches.

On panel with design, work 1 row on each side in black with the single crochet. Work a little tight and make 1 stitch for each row down below. Then work one row all around panel in gray, same as on red panel, and put the deep stitches between the ribs. Outside this make another row all around in black with the single crochet and take up in the double stitch.

Join the panels: Place the edges of 2 panels together and work as on 1; use black yarn and work with 2 threads of the yarn. Make a loop on the hook and * put through a double stitch on the edge of each panel. Yarn over hook, pull through all on needle at once and make 1 chain. Repeat from * in every stitch on both edges.

Work scallops in red all around blanket:
* Make a shell of 7 double crochet in 1 single crochet on edge (draw up the loop long in the double crochet). Then make 1 single crochet in 4th and 1 in 5th stitch from shell and repeat from * making the shell in the 4th stitch, all around. Make the shells in the corners larger.

Last row in black: Make 1 chain and 1 single crochet in each stitch on the shell with exception of, making no chain between 2nd and 3rd stitch on each side of shell.

INSTRUCTIONS

This blanket in the pointed stitch, is worked in stripes, in various shades of old rose and green. A fringe is put on both ends, and the sides are finished with a scallop.

Begin with the darkest shade in Old Rose and make a chain about 3½ yards long.

1st row: * Make 20 single crochet on the chain, 1 in each stitch; then make 3 single crochet in next stitch on the chain and repeat from *. This will make 1 point; repeat until you have 16 points for width of blanket. End row with the 20 single crochet, make 1 chain, turn.

2nd row: Make 2 single crochet in 1st stitch of preceding row (always taking up in back of the stitches). Now make 8 single crochet, * skip 2 stitches on preceding row, make 10 single crochet, then 3 single crochet in next stitch, make 10 single crochet and repeat from *, ending row with 2 single crochet in the last stitch; make 1 chain, turn.

Repeat 2nd row for the work. 2 rows make 1 rib. Make 1 rib in each shade. The lightest shade will make the center rib in

every stripe. Make 1 stripe in Old Rose and 1 in green and repeat this for the length of 2½ yards or length desired. Work 1 row in the cross-stitch on each side of blanket, using shade next to the darkest in Old Rose, and making 1 cross for each rib.

Cross stitch: Make 1 double crochet between 2 ribs, 1 chain, then make another double crochet across 1st one to right side of 1st rib.

Next row: Make shells of 6 double crochet in every 4th cross and make 1 chain, 1 single crochet and 1 chain between the shells in center cross, using shade next to the lightest, in Old Rose.

Last row: Make a loop on the hook; * take up 1 loop in 2nd and 1 loop in 3rd stitch on the shell, yarn over hook, pull through all on needle and make a chain of 3 stitches. Repeat this in the same and next stitch on the shell, making 4 stitches on the shell. Make 1 chain and 1 single crochet in 1st space, 1 chain and 1 single crochet in the next space, 1 chain and re-

peat from * to end of row. Use the darkest shade in Old Rose.

Fringe: Use the 2 medium shades in Old Rose and cut the ends for fringe 11 inches long. Take 2 ends of the yarn, double them and put the loops through a chenille needle. Put the needle down through dou-

ble stitch on edge. Remove the needle, pull the ends through the loops and tighten.

Repeat, making 10 bunches of the yarn on each side of point, alternating the shades for every side.

Trim the ends of fringe.

1 Amber Crochet Hook, No. 6

INSTRUCTIONS

This Afghan is made up of panels in the shades of brown; 5 panels are shaded. Fleurs-de-lis are embroidered in cross stitch on the 4 dark panels, and a scallop finishes off the edge.

Use the 6 shades of the 8-fold Germantown and No. 6 hook for the shaded panel.

This panel is made up of squares, worked in the rib stitch and joined to each other with black yarn.

Start the square in center with the 3rd shade from the lightest. Wind the yarn 10 times over your finger, then make 16 single crochet in the ring. Join 1st row by making a slip stitch in the 1st stitch.

2nd row: *Make 3 single crochet in 1 stitch on 1st row (this makes the corner) taking up in double stitch, then make 3 single crochet 1 in each stitch and repeat from * to end of row. Join as before, make 1 chain tight and break off the yarn.

3rd row: Take next shade lighter; start on wrong side of work and make 3 single crochet in the middle stitch of one corner on preceding row, always taking up in the back of the stitches. Make 1 single crochet in each stitch on the side and repeat the same increasing in next corner. Finish the row, join and make 1 chain tight.

4th row: Turn the work on the other side and start the single crochet in 2nd stitch from the chain just made. Repeat the single crochet, increase in the corners as on preceding row, join the row, make 1 chain tight and break off the yarn.

Two rows make 1 rib. Repeat this rib, using 1 shade for each rib. Next rib will be in the light shade, then reverse the shades and continue, so that the last rib in the square will be in the darkest shade. Make 9 squares for 1 panel.

Make a button in center of each square. Take the darkest shade of the four-fold Germantown. Wind the yarn 24 times over your finger. Break off the yarn and fasten the end in the hank. Pull through center of square, fasten on wrong side and cut even on right side.

Join the squares in black.

Place both pieces together with the right sides out. Start in the corner in the middle stitch of each piece and make the single crochet, taking up in double stitch on both edges. Work a little tight.

Make 5 shaded panels.

Use the dark brown of the four-fold Germantown and No. 4 hook for the plain panel. This panel is worked in the Old Afghan stitch. Make a chain of 40 stitches.

1st row: Pick up 1 loop in each stitch on the chain, put yarn over hook and pull through 1 loop (of those picked up) at a time.

2nd row: Same as 1st row, taking up the loops in front from the loops on preceding row.

Repeat 2nd row for the length of $2\frac{1}{2}$ yards. Finish off last row with 1 row in the slip stitch (see 1st stitches), taking up in the loops. Make 4 panels.

Embroider Fleurs-de-lis in cross stitch on the plain panel, using the 2 light shades of the four-fold Germantown. Make 1 Fleur-de-lis opposite each square of the shaded panel.

Join the panels in black, the same way as the squares, having the dark plain panel toward you and skip about every 4th stitch (row) on the edge of the plain panel.

Border: Use black yarn and make 1 row in the single crochet all around the Afghan on wrong side. On the ends of the plain panels skip every 3rd stitch, taking over 1 row.

2nd row: Take the next darkest shade and work on right side of Afghan. Make 1 chain and a single crochet in every other stitch on 1st row, taking up in double stitches.

3rd row: Use the darkest shade and * make a single crochet in a space on preceding row; then make a chain of 3 stitches and 4 double crochet in same space. Repeat from * in every 3rd space on the row.

Last row in a medium shade: Make a chain of 2 stitches and a single crochet in every double crochet on preceding row.

INSTRUCTIONS

This Slumber Robe is made up of panels, worked in various shades of different colors. Five panels are green and blue, shaded, and 4 panels are medium green, with the pattern in brown. A scallop finishes off the edge. Use No. 6 hook for the green and blue panel. This panel is worked lengthwise. Start with the lightest shade in green and make a chain 2 1/2 yards in length.

1st row: Make 1 single crochet in 2nd stitch from hook. * Take up 1 loop in next stitch on the chain and from this loop make a chain of 3 stitches; put yarn over hook and pull through both loops on needle, make 1 single crochet in next stitch on the chain and repeat from * to end of row.

This row is the center row of panel.

Make 2 rows in the lightest shade, 2 rows in the next shade, 2 rows in the 3rd shade and 2 rows in the darkest shade.

Next row: Make 1 knot in the darkest green and knot in the lightest blue, changing the yarn when pulling through in the single crochet.

This makes 1 brown stitch. Now make 2 single crochet work in the brown yarn, take up the loop for the 3rd stitch and pull through with the brown. This makes 3 green stitches. Repeat, making 3 brown and 9 green single crochet (26). This will finish 1st row; make 1 chain, turn.

2nd row in the brown: Make a loop on the hook; * put yarn over hook and take up 1 loop on 1st row (always taking up in double stitch), take up another loop in the next stitch, put yarn over hook, pull through all on needle and make 1 chain. 3rd row in the next lightest shade of green: Make a shell of 6 double crochet in every 4th space on preceding row and a single crochet in space between the shells.

Child's Skirt

Size 6 to 8 years

MATERIALS

SUNLIGHT German Knitting Yarn X, 1½ skeins

1 Steel Crochet Hook, No. 7, Style No. 2

INSTRUCTIONS

This little skirt is made in the single crochet. The ruffle at the bottom holds it firm and makes a pretty finish.

Begin at bottom of skirt and make a chain of 1¾ yards.

Work 14 single crochet, 1 in each stitch on the chain; then make 3 single crochet in 15th stitch on the chain. That increases 2 stitches. This will make 1 scallop; repeat same until you have 13 scallops for width of skirt.

End 1st row with the 3 single crochet in 1 stitch, then join by making 1 single crochet on 1st single crochet on 1st row, taking up in the back of the stitches; work 5 more single crochet.

Make 1 single crochet in 7th, 8th and 9th single crochet on row below. (Take up 1 loop for each single crochet and pull through those 3 loops as 1.) That will decrease 2 stitches, then make 6 single crochet, 1 in each stitch on row below. Make 3 single crochet in next stitch, the middle one of the 3 single crochet made in 1 stitch on 1st row, and that will increase 2 stitches.

Now work 6 single crochet and decrease 2, then 6 single crochet and increase 2 and repeat same for every row until you have 25 rows, then narrow a little toward the waist.

Next row: No increasing, follow the pat-

tern and decrease only, then you get 1 stitch less on each side of scallop.

Work 5 rows same as before.

Make 1 row without increasing, then 4 rows same as before. Work 1 row without increasing and 4 rows again, then 1 row without increasing and 2 rows. Make last row in double crochet for the band.

Crochet ruffle at bottom of skirt.

Work 1 row in the double crochet with 1 chain between each double crochet, taking up in every stitch on row below, with exception of making 2 double crochet at the point of the scallops and skipping 1 stitch between the scallops.

Next row: Make a shell of 6 double crochet between 2 double crochet on row below. Repeat same to end of row, always leaving 2 double crochet on row below between each shell.

Finish off ruffle with a picot edge: * Make 1 single crochet on the shell; then make a chain of 3 stitches and 1 single crochet in 1st stitch on the chain. Repeat from * making 4 picots for each shell.

Make a vest of sateen, 13 inches in length from shoulder and 25 inches in width when buttoned and sew skirt on same.

If different size is wanted make more or less scallops for width and more or less rows before narrowing.

INSTRUCTIONS

This cap is crocheted with golf yarn in the single crochet and trimmed with cord and tassels.

Begin in center of crown and make a chain of 2 stitches.

1st row: Make 8 single crochet in 1st stitch of the chain. Pull the yarn end tight and fasten.

2nd row: Work around, making 2 single crochet in every stitch on preceding row, always taking up in double stitch.

This row will start the 8 increasing points on top of crown.

To make the increase regular you must always increase in the last one of the 2 stitches at the increasing point.

3rd row: Make 1 single crochet in 1st stitch of the 1st increasing point on preceding row, then make 2 single crochet in last stitch of the 1st point. Repeat to end of row.

On this row you have 1 stitch between each increasing point. Fourth row, you will have 2 stitches between each increasing point; and so for every row there will be 1 more stitch added between the increasing points.

Repeat until you have 20 rows from start. Make 8 rows plain, that is, make 1 single crochet in every stitch on preceding row.

Start 8 decreasing points on next row. Make 19 single crochet, skip next stitch (the 20th) and repeat to end of row, making the decreases above the increases.

Decrease in same order as you increased, for 12 more rows.

BAND: Repeat the single crochet, making 6 rows around.

7th row: * Make 5 single crochet, then make a double crochet (loose), taking up through double stitch in 5th row below, skip 1 stitch on preceding row and repeat from * to end of row.

Make 1 row in the slip stitch and that will finish the band.

CORD: Cut 6 threads of the yarn, each $2\frac{1}{2}$ yards in length. Put them together and twist them same way as the yarn is twisted. Stretch a little, double the string and twist the opposite way.

TASSEL: Cut a piece of cardboard 5 inches long and wind the yarn around 18 times. Thread a needle with the yarn. Use yarn double. Put needle through finished end of cord and through yarn between yarn and cardboard. Tie hank and cord together, take out the cardboard, hide the knot in the yarn and make it smooth. Wind around a few times with yarn $\frac{1}{2}$ inch below cord and fasten. Cut even at bottom.

Put cord through loops around band. Tie a couple of loops with the cord and fasten them to cap, making the tassel come a little below band. Finish off other end of cord with a tassel.

Button: Crochet a button and sew it on to center of crown. Make a chain of 2 stitches.

1st row: Make 6 single crochet in 1st stitch of the chain (work tighter).

2nd row: Make 2 single crochet in every stitch on 1st row.

3rd row: Make 2 single crochet in every other stitch.

4th row: Make 2 single crochet in every 3rd stitch on preceding row.

1 6-inch Bone Crochet Hook, No. 3

4 Button molds, 1½ inches in diameter

INSTRUCTIONS

This sweater is knitted lengthwise in the plain stitch with black and green yarn. The buttons are knitted also.

Begin at left side front, use black yarn and No. 13 needles. Cast on 190 stitches. Divide the stitches on 2 needles and start knitting with the 3rd one, or you could use only 2 needles, carrying all the stitches on 1 needle, if you put a little sealing wax on one end of each needle to prevent the stitches from sliding off. (Knit 1st stitch on first row and every time, when stitches are added, slip 1st stitch on every row except when changing the yarn, then knit 1st stitch.)

Knit 2 rows plain (2 rows make 1 rib). Let the stitches run easy on needle. Knit 3rd row plain, add (cast on) 1 stitch and knit 4th row plain. Make another rib and add 1 stitch on same side as before. Three ribs (6 rows) make 1 black stripe.

Start with the green yarn (at bottom of sweater) and make 1 row plain, add 2 stitches (at neck of sweater) and purl the stitches on next row. Two rows make 1 green stripe.

For every turning at the bottom of sweater twist the threads around once to keep the edge firm.

Repeat, making 1 black stripe, adding at neck 1 stitch for each rib and 1 green stripe, adding at neck 2 stitches, until you have 7 black and 7 green stripes. Add 16 stitches to shoulder. (240 stitches is the length of sweater.) Make 7 black and 7 green stripes.

Knit the pocket on the front part. Start with green yarn at bottom of sweater and pick up 45 stitches in the last row of the 5th black stripe from front edge (take up 1 stitch in each stitch of the row). Make 10 green and 9 black stripes for the pocket. Start with the black yarn, as before, and knit pocket in with the front part (take 1 stitch from each needle and knit as 1).

Make 2 black stripes and 1 green (9 black and 8 green stripes the width of shoulder). Bind off 63 stitches for armhole. Make 9 green and 8 black stripes. Add 63 stitches for back. Make 29 black and 28 green stripes for the width of back. Knit the other side to correspond.

Sleeve: Cast on 50 stitches with black yarn. Knit 1 rib and add 5 stitches. Knit 3rd row plain. Start with the green (at top of sleeve) and add 5 stitches at end of row. Repeat making the stripes, adding 5 stitches for every turning toward the bottom of sleeve, until the number of stitches is increased by 95 (19 turnings). Add 20 more stitches (165 stitches is the length of sleeve). Make 25½ black stripes from start. Make the green stripe, then 2 ribs of the next black stripe and start the binding off in same order as you added.

Border: Make border to go around neck down the front edges. Use black yarn, work with 2 threads of the yarn and No. 10 needles. Cast on 12 stitches. Knit plain forward and back, making the strip about 1¾ yards long.

Cuff: Use black yarn (single) and No. 13 needles. Cast on 40 stitches and knit for the length of 7 inches.

Buttons: Use black yarn and No. 15 needles. Cast on 30 stitches. Divide the stitches on 3 needles, join to a circle and knit plain 10 rows.

Start decreasing:

1st row: Knit 4, decrease 1 (knit 2 stitches together as 1).

2nd row: Plain.

3rd row: Knit 3, decrease 1.

4th row: Plain.

5th row: Knit 2, decrease 1.

6th row: Plain.

7th row: Knit 1, decrease 1.

8th row: Decrease 1 for every 2 stitches.

Break off the yarn a few inches from work and with a darning needle run the end of the yarn through the remaining 5

stitches, draw together and fasten. Use the wrong side of work out, put the mould in, run a thread through the edge, draw together and fasten.

Sew garment together.

Put the sleeves in, so that seam of sleeve comes in middle of side a little toward the front.

Sew cuff on and turn up about 3 inches.

Sew border on, holding in the garment a little around neck.

Sew together at bottom of pocket.

Make 1 row of the single crochet (in black) on edge of border and at top of pocket.

Sew buttons on: Place 1st button at neck at the end of 1st black stripe on left side front. Put the other buttons on close to border, or on edge of border about 4 inches apart.

Crochet loops for the buttons on the edge of right side front.

1 Steel Crochet Hook, No. 7, Style 15

INSTRUCTIONS

(Written for white and pink.)

These serviceable bed socks are crocheted with the ribs alternating in pink and white. A pretty border is worked at top and a cord with little pompons on is pulled through to tie with.

The top is to be worked lengthwise; begin at back and make a chain of 25 stitches with the white yarn.

Work 1st row in the single crochet; then make 1 chain and turn.

2nd row: Repeat the single crochet and take up in the back of the stitches; make 1 chain and turn.

These 2 rows make 1 rib.

Use pink for next rib, then repeat with 1 rib in white and 1 rib in pink until you have 7 ribs.

Now add for top of foot, a chain of 25 stitches in pink and make 1 rib. Add 3 more stitches for the toe and work next rib in white. Work 7 ribs in all, making the last rib 3 stitches shorter at toe, same as 1st rib. Make 6 more ribs (24 stitches in length) for the other side and crochet sock together with a chain stitch.

Take the white yarn and start in back for foot. Make 1 single crochet for each row below, and on the added part 1 single crochet for each stitch below.

Work around, taking up in the double stitch. Make 6 rows; then 2 rows in pink and 6 more rows in white. On the last 3 rows decrease 1 stitch for each row at the toe and heel. Put both sides together with the chain stitch.

Make border at top of sock.

1st row, in pink: Work 1 single crochet for each row below.

2nd row, in white: Start with 1 double crochet, make another double crochet across this one, taking up in the 2nd stitch on row below to the right side of 1st double crochet. This will make 1 stitch. Next stitch: Make 1st double crochet in 2nd stitch on row below, and put 2nd double crochet in same place as preceding stitch and repeat. This row is for the cord.

Work last row in pink. Fasten the yarn and make a chain of 6 stitches. Take up 3 loops, 1 in each of the first 3 stitches on the chain, and 2 more loops in the next 2 stitches on row below. Put yarn over hook and pull through all on needle at once. Now make a chain of 5 stitches, take up 1 loop in 4th stitch from needle, 1 loop below the chain, 1 loop in back of last loop on preceding stitch, then 2 more loops in the next 2 stitches on row below. Yarn over and pull through as before and repeat this stitch to end of row.

Make a chain 20 inches long, with the yarn double for the cord. Pull through at top and put pompons on.

Pompons: Cut 2 round pieces $1\frac{1}{4}$ inches in diameter from thin cardboard and make a hole in center $\frac{3}{8}$ of an inch. Use the yarn double and sew over and over until the hole

is filled. Cut the threads between the cardboards, take a strong linen thread and wind around between boards a few times and tie. Remove the cardboards, trim ball even and fasten to cord.

For other sizes, work more or less ribs and make the length of ribs on top of foot according to size.

INSTRUCTIONS

(Written for white and brown.)

These bed socks, so out of the ordinary, fit snugly on almost any foot because of their elasticity.

Begin at the top with the brown yarn, use the coarser needles and cast on 60 stitches.

1st row: Knit plain.

2nd row: Purl all the stitches.

3rd row: Knit plain.

4th row: Purl.

5th row: Knit plain.

6th row: Purl.

These rows make 1 rib. The purled stitches will come on right side of sock.

Start with the white yarn and purl 1st row. 2nd row knit plain, 3rd row purl, and 4th row knit plain. These 4 rows are knitted plain on right side of sock. Repeat them between every brown rib. Work 13 brown ribs.

Start the toe in white.

1st row: Purl the stitches.

2nd row: Knit plain, and decrease 1 stitch at each end of row.

Now repeat and knit plain on right side of sock and purl the stitches on the other side. Decrease 1 stitch at each end of every row. Repeat until there are 4 stitches left. Leave the 4 stitches on needle and pick up all the stitches on both edges for front. Use the finer needles and take up 1 stitch for every 2 rows, or 5 stitches for each brown rib and white stripe. Pick up 1 stitch for every row at the toe, 30 stitches in all, on one side, and the same on other edge. Now divide all the stitches on 4 needles. Start with white yarn on right side of sock.

1st row: Knit plain.

2nd row: Purl, and decrease 4 stitches at the toe: 1 stitch on each side of the 4 remaining stitches, and 1 more stitch on each side 10 stitches from 1st increasing.

Repeat this increasing 2 times more on every other row.

Knit plain on right side of sock and purl on the other side. Make 2 more rows in white, then 2 rows in brown, 4 in white and 2 in brown and bind off. Sew front together.

Crochet border at top. 1st row, in white: Make a chain of 3 stitches, take up 2 loops from the chain and 2 loops, 1 in each stitch, on the rib below. Put yarn over hook and pull through all on needle at once and make 1 chain. Next stitch: Take up 1st loop in the space below the 1 chain and 2nd loop in the back of last loop on preceding stitch. Pick up the 2 last loops as before and repeat to end of row.

2nd row in white: Work 1 double crochet and make 1 chain for each star stitch on row below. This row is for the ribbon.

Last row, in brown: Make 1 single crochet and 4 double crochet between every other double crochet on row below.

Pull ribbon through and tie.

INSTRUCTIONS

These comfortable looking bed socks are made in white and lavender. At top a pretty scallop is crocheted and a cord is pulled through to tie.

Start at top with the white yarn and cast on 48 stitches.

Knit 2, purl 2; work forward and back and make 3 rows. Work 2 rows in lavender and 2 more rows in white. Next row in lavender: * Knit the 2 plain stitches together as 1, put yarn over needle and purl the 2 purled stitches together as 1, yarn over needle and repeat from * to end of row.

2nd row: Knit yarn over needle as 1 stitch. These 2 rows will make the holes for the cord.

Now repeat with 2 rows in white and 2 rows in lavender until you have 6 stripes in lavender from start.

Begin with the white yarn and make 1 row same as before.

2nd row: Purl all the stitches.

3rd row: Purl.

4th row: Knit plain.

5th row: Purl.

Leave 15 stitches on each side of work on separate needles and knit plain the 18

stitches in middle; turn, and knit plain forward and back for the length of 22 ribs (2 rows make 1 rib). Make 4 more ribs and decrease 3 stitches on each side. Keep the remaining 12 stitches on needle; pick up with the other 2 needles with stitches on, 26 stitches on each side of last knitted part, 1 stitch for each rib. Now you have 106 stitches in all; divide them on 3 needles and knit plain forward and back 2 ribs or 4 rows. Then make 2 rows in lavender, 6 rows in white, 2 in lavender and 5 in white.

Decrease 3 stitches at toe on the last rows.

Put the stitches on 2 needles, same number on both, then crochet sock together. Work on same side you knitted 1st row at start. Begin at toe, make a loop on the crochet hook and put 1st stitch from each needle on same; yarn over and pull through all on hook. Put 2nd stitch from each needle on hook and repeat. Crochet together in back also.

Crochet border at top of sock. Work 1st row in lavender: Make 2 double crochet, both in same place in a rib; make 1 chain and repeat the same in every rib.

Next row in white: * Work 1 single crochet in the 1 chain on row below, then make a chain of 3 stitches; skip 2 double

crochet and make 3 double crochet in the next 1 chain, a chain of 3 stitches and repeat from *. This row finishes off the top.

Take 2 threads of the yarn, 1 in white and 1 in lavender, and make a chain 25 inches long for the cord. Pull through the holes made for it at top of sock.

Put a tassel on each end of cord and tie in front of sock.

Tassel: Wind the yarn over 4 fingers 10 times; tie a linen thread around hank in middle and fasten to end of cord. Pull the loops down and wind the yarn around a few times, $\frac{1}{3}$ of an inch from cord. Cut even at bottom.

If different size is wanted make more or less ribs on the narrow part at top of foot.

Directions for Washing Articles Made from Worsted Yarns

Washing: Prepare a suds, not too strong, by shaving Wool Soap into very hot water, not boiling; add a few drops of ammonia and a pinch of borax.

Allow the garment to stand in the suds for a few minutes, then move it gently back and forth through the suds until clean. Do not rub soap on the article and do not rub it with the hands.

Rinsing and Drying: Wring the garment lightly with the hands, and rinse in clear warm water, moving it back and forth as in the suds. Repeat the rinsing in a second clear warm water; then wring the garment lightly with the hands, shake slightly and dry quickly in the open air, being careful not to stretch it.

SUNLIGHT YARNS were used exclusively for all the work described in this book.

Knitters are advised to purchase at one time enough yarn to complete the work, in order to insure absolute uniformity of shade.
